Hospital*

Tyler

Tyler Lolla, a third grader at Uniontown Elementary School, has been selected as a kid with character because of his demonstrations of caring and respectfulness. Tyler tutors some of his fellow students and has become a true role model to younger students. He never fails to give other students encouragement with an appropriately placed, "Way to go" or "I knew you could do it!" Tyler has been a mentor to new students by showing them around school and introducing them to others. Whether in the classroom, in the hall or out on the playground, he is always polite and considerate to both his peers and to adults.

Thank you Tyler for having a true caring spirit.
