

# Kids with character

*Akron  
Children's  
Hospital*

**Tim**

Tim Turner is a fourth grader at Lake Cable Elementary School. Tim has displayed the character traits of caring and responsibility through his volunteer work in the school's Autistic Preschool. Tim is one of a few fourth graders who were selected to work in the class and interact with the students. He displays great patience with the children and encourages them to participate in group activities. Tim's gentle and accepting manner also is apparent in the way he treats the younger siblings of his friends. Tim's ability to be a caring person was revealed when he helped his brother recover from a broken leg. Tim stayed with his brother throughout the night and comforted him when the pain became strong.

Thank you Tim for being such a caring and compassionate person.
