Geoff

Geoff Hewitt, a senior at Canton South High School, has demonstrated the character pillar of caring for the past three years. Geoff works as a student aid in a classroom for students with multiple disabilities. Geoff helps the students with their schoolwork, reads to them and helps keep them on track. He also models appropriate social behavior, plays games with them during free time and socializes with them outside of the classroom. Geoff is also on his school's wrestling team and made first team Stark County. As a journalism student, he was awarded the NOSPA award for a newspaper article he wrote about a woman with disabilities. When Geoff is not helping with the special needs students at school, he is volunteering in a classroom at the MRDD or working at his job.

Thank you Geoff for being such a caring person and a great role model.
