Hospital

Jacob

Jacob Sloan, a 5th grader at Silver Lake Elementary school, has demonstrated the character trait of caring. Jacob is a 5th grade buddy at school, is a safety patrol member, plays the trumpet in the school band and has received the "Shining Star" award for the first grading period. Jacob is very kind and helpful to each student in his class. He listens to others and does what he can to make others feel good about themselves. Jacob volunteers for brush clean up at Redmond Funeral Home and is on the traveling baseball and basketball teams. During basketball games, Jacob shares the ball. Even though he could make the shot, he wants others to share the glory. He always has a smile on his face to share with everyone that comes into contact with him.

Thank you Jacob for being such a caring person.
